

CUACO GOLFING SOCIETY (*All Aviva Fellowship members welcome*)

One of the last remaining sections of CUACO (the *Sports Club of Commercial Union Assurance COmpany*) is the Golfing Society.

This Society regularly plays two selected courses a year, one South of the Thames in the Spring and, in the Autumn, North of the Thames. Format is, on arrival usually bacon rolls and coffee, then 9 holes in the morning, a light lunch, 18 holes in the afternoon followed by a dinner in the evening. We aim to keep this to **below £60** for the day. All the courses played are of a high standard and are private member courses only.

The majority of our members are pensioners and, like all pensioners, are getting older! It is therefore essential that we recruit more members whether they are pensioners or current employees. It is now very difficult to recruit via the Company as they no longer support a regional sports club. Therefore there is no Sports notice board or established communication method. However this does not stop us trying to encourage recruitment via the few current employees who play in the Society.

However with the advent of the Aviva Fellowship websites we can now reach hundreds of potential members. The Society caters for all employees and pensioners of the Aviva Group plus their wives, partners and family.

If you are interested in joining or just receiving the Golf Society's Newsletters (*of which there are few*) then please contact;

Howard Smith on 0208 402 5826 (H) or better still email;
