

CUACO SHORT MATT BOWLS (*All Aviva members welcome*)

One of the last remaining sections of CUACO (the *Sports Club of Commercial Union Assurance Company*) is the Short Matt Bowls Section.

This Section plays indoors from middle of September until middle of April at a venue in South Eden Park Road, **Beckenham** (near Eden Park Station). **Monday evening** is normal Club Night but our League matches can be any evening depending on the opposition requirements. However home matches are invariably on a Monday. The venue has a bar, for those who need a bit of 'dutch' courage, and we supply snacks after the League matches.

For those who particularly want an opportunity to play during the summer, we also have a **Monday Club afternoon** during which we play friendly grass bowls at the same venue.

The majority of our members are pensioners and, like all pensioners, are getting older! It is therefore essential that we recruit more members whether they are pensioners or current employees. It is now very difficult to recruit via the Company as they no longer support a regional sports club. Therefore there is neither a Sports notice board nor any established communication method. However this does not stop us trying to encourage recruitment via the few current employees who play in the Section.

However with the advent of the Aviva Fellowship websites we can now reach hundreds more potential members. This Section automatically caters for all employees and pensioners of the Aviva Group plus their wives, partners and family. The Short Matt Bowls Section will also consider players who did not work for any of the Aviva Group of Companies.
